

Day 21 Assignment

1-Complete the toString method you started in the class for the CarInventory class. The results should match the expected results shown in the CarInventoryTest class.

2- Add a findCar method to your CarInventory so that its results match the expected results shown in the CarInventoryTest.

Notes: Car.java, the incomplete CarInventory.java, and car.txt are included in the Day21 assignment folder.

Instructions:

- Submit CarInventory.java, to Moodle under Day 21.
- Deadline: Monday 11/13/2019, 11:55 PM.
